VALUELENZ
autonomous shopping

Give your in-store customers a fast, silky-smooth shopping experience, while you boost sales.
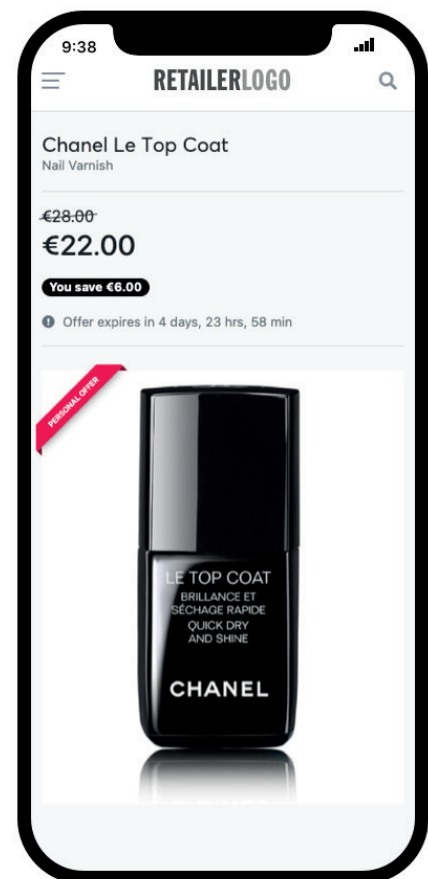

Now your customers can shop and checkout in-store, from beginning to end, just with their mobile phones. Contact-free. This merging of physical and digital retail lets your customers scan product barcodes, get more product information, win personal discounts, easily pay and checkout with their phone – and skip the queues!

CUSTOMER BENEFITS

- A new fun and frictionless way to shop
- Product information at their fingertips
- Enjoy personal offers and instant discounts
- Freedom to skip the queues
- Easy – no downloading of any app

RETAILER BENEFITS

- Boost average basket size and sales
- Get valuable insights on customer behaviour
- Get customer data (with GDPR consent)
- Attract new customers and improve loyalty
- Innovate and stand out from the competition
